The PRESIDING OFFICER. Without objection, it is so ordered.

The resolution (S. Res. 177) was agreed to.

The resolution, with its preamble, reads as follows:

S. RES. 177

Whereas alcohol and drug addiction is a devastating disease that can destroy lives and communities.

Whereas the direct and indirect costs of alcohol and drug addiction cost the United States more than \$246,000,000,000 each year.

Whereas scientific evidence demonstrates the crucial role that treatment plays in restoring those suffering from alcohol and drug addiction to more productive lives.

Whereas the Secretary of Health and Human Services has recognized that 73 percent of people who currently use illicit drugs in the United States are employed and that the effort business invests in substance abuse treatment will be rewarded by raising productivity, quality, and employee morale, and lowering health care costs associated with substance abuse.

Whereas the role of the workplace in overcoming the problem of substance abuse among Americans is recognized by the United States Chamber of Commerce, the Small Business Administration, the National Institute on Drug Abuse, the National Institute on Alcohol Abuse and Alcoholism, the Substance Abuse and Mental Health Services Administration, the Community Anti-Drug Coalitions of America, the National Coalition on Alcohol and Other Drug Issues, the National Association of Alcoholism and Drug Abuse Counselors, and the National Substance Abuse Coalition, and others.

Whereas the Director of the Office of National Drug Control Policy has recognized that providing effective drug treatment to those in need is critical to breaking the cycle of drug addiction and to helping those who are addicted become productive members of society.

Whereas these agencies and organizations have recognized the critical role of the workplace in supporting efforts towards recovery from addiction by establishing the theme of Recovery Month to be "Addiction Treatment: Investing in People for Business Success".

Whereas the countless numbers of those who have successfully recovered from addiction are living proof that people of all races, genders, and ages recover every day from the disease of alcohol and drug addiction, and now make positive contributions to their families, workplaces, communities, States, and nation: Now, therefore, be it

Resolved, That the Senate designate September, 1999, as "National Alcohol and Drug Addiction Recovery Month".

AMENDMENT OF THE OFFICE OF FEDERAL PROCUREMENT POLICY ACT AND THE MILLER ACT

Mr. BROWNBACk. Mr. President, I ask unanimous consent that the Senate now proceed to the consideration of H.R. 1219, which is at the desk.

The PRESIDING OFFICER. The clerk will report.

The legislative clerk read as follows:

A bill (H.R. 1219) to amend the Office of Federal Procurement Policy Act and the Miller Act, relating to payment protections for persons providing labor and materials for Federal construction projects.

There being no objection, the Senate proceeded to consider the bill.

Mr. THOMPSON. Mr. President, I am pleased to recommend H.R. 1219, the "Construction Industry Payment Protection Act of 1999" to the full Senate for passage. This bill, introduced in the House by a bipartisan list of cosponsors, is intended to modernize the Miller Act, one of our oldest procurement laws. The Committee on Governmental Affairs, with jurisdiction over Federal procurement laws, recognizes and appreciates the broad and strong support for this measure.

The Miller Act is a 1935 law requiring prime contractors with Federal construction contracts over \$100,000 to provide bonds on those projects to protect those providing labor and materials. Currently, the Miller Act requires two types of bonds on Federal construction contracts: A payment bond to guarantee that subcontractors get paid, limited under the 1935 Act to \$2.5 million and never adjusted for inflation; and a performance bond to protect the Federal government and ensure that the project gets finished. This bond is equal to the value of the project.

H.R. 1219 would amend the Miller Act to require that the payment bond be at least equal to the performance bond. It also establishes standards by which subcontractor rights under the Miller Act can be waived, and it provides for more modern methods by which claims can be noticed.

This bill represents an impressive consensus and several years of hard work by all the interested parties: the general contractors, the subcontractors, and the surety firms who supply the bonds. In addition, the Administration has issued a Statement of Administration Policy in support of the measure. Earlier this week, H.R. 1219 passed the House by a roll call vote of 416-0. I respectfully urge my colleagues to support this measure.

Mr. BROWNBACk. Mr. President, I ask unanimous consent that the bill be

read a third time and passed, and the motion to reconsider be laid upon the table.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (H.R. 1219) was read the third time and passed.
